

CENTRE COUNTY'S 180 SCHOOLHOUSES IN 1875

by Douglas Macneal

School locations, from Pomeroy's 1874 *Atlas of Centre County*, are positioned carefully with the aid of TOPO! GIS projections. School names are from Henry Meyer's 1876–1881 diaries, when he was the County Superintendent. Joining names with places involved guesswork, and occasional switches are likely.
